

bfl::any::any::placeholder

```
graph BT; A["bfl::any::any::holder< ValueType >"] --> B["bfl::any::any::placeholder"]
```

The diagram illustrates a relationship between two classes. At the bottom is a gray box containing the text "bfl::any::any::holder" followed by "< ValueType >" on the next line. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white box above it. The white box contains the text "bfl::any::any::placeholder".
